

Reynard

Antibacterial Skin Wipes

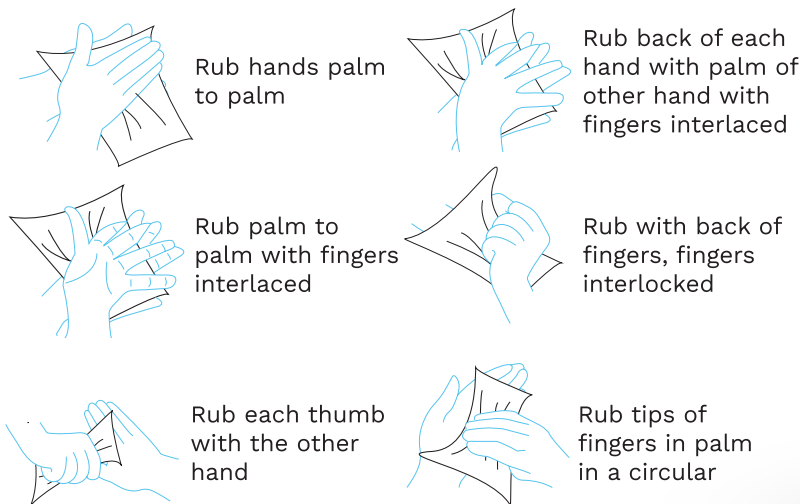

Our expert formula contains a proprietary antibacterial formulation with biocide and moisturisers to remove harmful bacteria while maintaining your skin's natural pH balance. Each wipe is individually wrapped in an easy tear sachet for infection control friendly use.

Specifications

- One-step hand sanitisation
- Antimicrobial solution
- Contains moisturisers to keep hands cleansed and refreshed

When to wash your hands

- Anytime your hands come in contact with your face e.g., eating, drinking, taking medicine or smoking
- After coughing, sneezing, scratching or touching broken skin
- Before entering or leaving a facility/area/room
- After using the bathroom
- Whenever hands are visibly dirty

Please note: we recommend following hospital patient cleaning protocols, including the use of P.P.E. where appropriate.
