

Reynard Chlorhexidine Wash Cloths

Impregnated with 2% chlorhexidine digluconate, these antiseptic wipes provide an invisible, antibacterial barrier which continues to kill any harmful bacteria on your skin for hours, keeping you cleansed and protected.

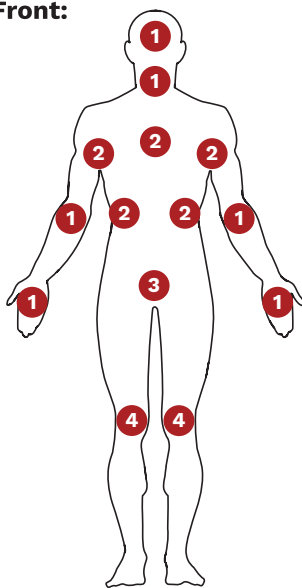

Specifications

- Impregnated with 2% chlorhexidine digluconate
- Extra-large, thick cloth
- Unperfumed and alcohol-free

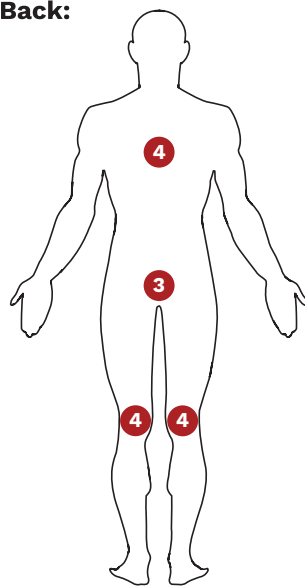

Points to remember

- Wipes can be used hot, cold or at room temperature
- Infection control friendly; one wipe per area

Front:

Back:

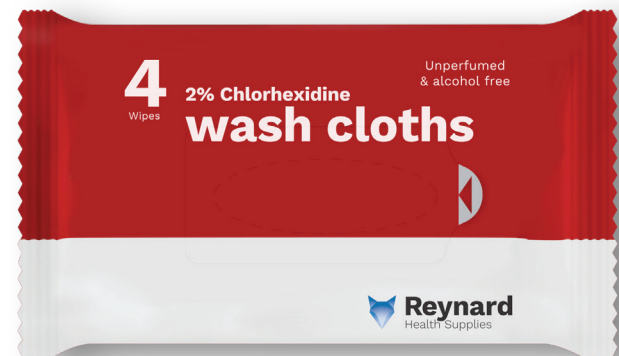

How to use:

Shower or wash body and hair using normal soap and general hygiene practices. After normal washing, dry your body and hair well with a clean towel.

Remove one (1) cloth at a time and reseal pack. There are four (4) cloths in each pack. Use each cloth for specific areas of the body as follows (see diagram):

- 1 Cloth 1:** Hands, face, neck and arms
- 2 Cloth 2:** Armpits, chest area and sides of body
- 3 Cloth 3:** Groin and buttocks area
- 4 Cloth 4:** Back and both legs

Please note: we recommend following hospital patient cleaning protocols, including the use of P.P.E. where appropriate.

If redness or itching occurs & persists, please discontinue use. Ask your Nurse if you have any concerns or need additional assistance.
